

East Boston Sewer Separation Phase 3 Project Update

BWSC Contract: 19-309-002

PURPOSE

East Boston Sewer Separation Phase 3 is a continuation of both Phases 1 and 2 and involves the separation of the combined sewer system into a new sewer system and new drain system. This project will reduce pollution levels in Boston Harbor by substantially decreasing the number and volume of combined sewer overflows. This project will also include some water main replacement work as well. The purpose of this notice is to provide information regarding the ongoing improvements in your neighborhood and any necessary impacts or disruptions that might result from this work.

ONGOING WORK

- Maverick Street: Cottage Street to Orleans Street
 - Separate 1,475 LF of combined sewer
 - Replace 900 LF of water main

Projected Completion: December 2023

UPCOMING WORK

- Various Streets (see attached map)
 - Sidewalk Restoration and Permanent Paving
 - Sumner Street
 - Everett Street
 - Maverick Street
 - Orleans Street
 - Cottage Street

Projected Completion: Spring 2024

ANTICIPATED IMPACTS

The anticipated impacts include water service interruptions, noise, traffic and parking modifications, rodent activity, dust, and general construction impacts. The contractor will be required to minimize impacts to the extent feasible.

SURFACE RESTORATION

Temporary restoration of roadways, sidewalks and other areas disturbed by construction will be completed under this contract. Permanent paving restoration will occur under a separate contract.

Typical Sewer Separation Project
